## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 20-30, 32-37, 39 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 20, the prior art of the record fails to show or fairly suggest an image pickup apparatus, comprising wherein to set the period of time corresponding to the photometric value as the preselected intervals, said controller is configured to determine a shutter time of a shutter based on the photometric value, and set the period of time to be equal to or longer than a sum of the shutter time and a frame transfer time, wherein the frame transfer time is a period of time necessary to transfer one frame of pixel signals from said image sensor to said recording device.

Claims 21-30, 32-37, 39 are allowed for the reason given in claim 20.

Noted that since independence<sup>t</sup> claim 20 is allowed, the previously withdrawn claims 32-37, which depend on independence<sup>t</sup> claim 20, are rejoined to independence<sup>t</sup> claim 20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
